Freedom of Information (Scotland) Act 2002

Request

Please find below our response to your correspondence dated 22 March, in which you made the following request under the Freedom of Information (Scotland) Act 2002.

Many people are concerned about a new type of pathology that has appeared which undertakers have found in the newly deceased. This is widely discussed but particularly well covered by Dr John Campbell on his videos.

I would like to make an FOI request to you, however as the Scottish Executive decided not to tell me what name is being used officially for this pathology in their response to my FOI request to them, nor to provide any other useful information to make my request more specific, I can only ask for a general question: what information do you hold on these Alien White Worms AKA Calamari Clots AKA white blood clots?

Response

Your request for information has been considered and the Scottish Police Authority is able to provide the following.

The Scottish Police Authority does not hold the information requested.¹

Information and advice may be available by contacting [Public Health Scotland](#).

¹ This represents a notice in terms of Section 17 of the Freedom of Information (Scotland) Act 2002 - Information not held.

This response will be posted to our [Disclosure Log](#) after seven days.

Yours faithfully
