Title of Paper	Legal Services Claims Handling – Quarterly Statistical Information Report – Trends and Analysis in litigation.
Presented By	James Douglas, Legal Services Manager
Recommendation to Members	For Discussion
Appendix Attached	Yes – Appendix 1 – Settlement of cases

PURPOSE

The Committee asked that a report be provided on a quarterly basis on settlement figures arising from claims raised against Police Scotland.

Members are invited to discuss the contents of the report and appendix.

1. BACKGROUND

- 1.1 The SPA Legal Committee directed that a standard report be presented to the Committee every quarter outlining the number of legal cases settled by Police Scotland within the previous financial quarter.

2. FURTHER DETAIL ON THE REPORT TOPIC

- 2.1 This report represents the latest in a series laid before the Committee. Those on the Committee have advised that they would ultimately wish to see any trends on the types of cases being raised against Police Scotland, and ultimately settled, to determine if further training or investigation is needed to reduce the number of said claims.
- 2.2 The tables below outline the number of claims settled by Police Scotland during the period July – September 2023 (Q2) under the general headings of Employers' liability, Public liability and motor vehicle claims.
- 2.3 In Quarter 2 of the financial year 22-23, of the 103 claims settled by Police Scotland; 79 claims were motor related, 10 were employer liability matters and 14 related to public liability.
- 2.4 The following tables are intended to represent the different type of claim settled by Police Scotland, the total settlement figures under said headings and an average settlement figure. The Committee asked at its meeting in March 2021 that a table be added to the report to show the settlement figures as a percentage of the settlement figures within the current financial year. That figure is now provided within the Tables.
